PROFILE

A young dynamic man, work smart without losing focus or wasting time, I organize processing and methodically create solution by way of negotiation, which will lead to mutually beneficial resolution. I am hardworker, believer in hardwork, honesty, value of time & positive change. I Still Love to work in a dynamic, Challenging Opportunity where my risks are appreciated and contribute substantially to the Claro success of the Organization.

WORK EXPERIENCE

Tonic Byte (P) Ltd.   2025 - PRESENT
Mobile App Developer

- **Design and Develop Apps:** Create user-friendly and responsive mobile applications for Android, iOS, or cross-platform environments.
- **Write Clean Code:** Use programming languages like React Native to write efficient, maintainable code.
- **Debug and Test:** Identify bugs, fix issues, and perform thorough testing to ensure app stability and performance.
- **Collaborate and Update:** Work closely with designers, backend developers, and clients while staying updated with the latest mobile tech trends.
